Hillbrook Crèche provides developmental and educational Early Childhood programs for children in a supportive, safe, nurturing play-based environment, promoting self-understanding and self-esteem. As the centre is small, ‘special time’ can be given to each child.

A Special Part of the Hillbrook Community

The Hillbrook Crèche is situated in the heart of Hillbrook Anglican School, an independent secondary school at Enoggera. Our children occupy a very special place in the heart of the entire Hillbrook community and regular activities are arranged where they interact with the older students, school staff and school facilities.

- Crèche children regularly participate in important school ceremonies.
- Older music, drama and mathematics students visit the Crèche to perform for our children and demonstrate learning activities.
- Year 8 student authors create children’s storybooks and read them to our children.
- Home Economics students study child development here and create toys and equipment for our children.
- Students with a special interest in Early Childhood Education participate in our Crèche program.
- Each term, our children take part in a learning experience in the school’s library where they interact with library staff and the latest library exhibits.
- We also attend a chapel service which celebrates the Anglican tradition of our school through story and song.

Opening Hours

The Hillbrook Crèche operates, in conjunction with Hillbrook’s school term times, between the hours of 8am and 4pm and closes during the school holidays.

A love of learning starts here

The years before school are such an important time in a child's life. This is when the foundations of their emotional, social, physical and intellectual well-being are shaped. Hillbrook Crèche is an early learning community which offers a safe, happy and nurturing environment where your child can play, explore, discover, learn and grow and get the best possible start in life.

A multi-age centre from birth to pre-prep

Hillbrook Crèche offers places for children from birth to pre-prep. Our caring staff have many years of experience and they understand the importance of play in learning and in the individual development of each child.

Our early childhood educators provide a rich and stimulating educational program which meets the National Quality Framework approved teaching and learning guidelines and the Queensland Kindergarten Learning Guidelines. This program is designed to help your child develop:

- Confidence, self-esteem, independence and a sense of identity.
- Social skills, communication skills and connectedness by interacting with their peers and staff members, as well as sharing special times with older students from Hillbrook.
- A love of learning, discovery and new experiences through play and activity.

Caring, experienced staff

The staff at Hillbrook Crèche includes a Director and Educational Leader, Dianne Shannon, along with an Assistant Director and three Educators. A love of learning is not just something we talk about here, we practise it too by supporting on-going professional development through attendance at workshops and seminars.

A stimulating purpose-built environment

Our new facility has been specially designed to provide safe and stimulating indoor play areas as well as exciting, sun-safe outdoor play areas. Our gardens are planted with a variety of trees, shrubs, fruits and vegetables, providing an interesting environment for children to observe, investigate and learn.
