

Year 12 2015

Congratulations to the 2015 Year 12 students who have achieved excellent results. The 1-5 OP range was our strongest in the last eight years with 31% of the cohort, the 1-10 range was very strong with 63% of the cohort and the 1-15 range was one of our best ever with 93% of the cohort.

Our congratulations go to all teachers who worked with these students - both in Years 11 and 12, and also in their earlier years where much of the foundation was laid.

Our guide to interpreting OPs has always been to use OP 10 and up as a benchmark, and to compare that with the matching figure for the state. We also look at OP 1-15 as a benchmark as comparison statistics are published in the Courier-Mail in this format.

Regards,

Geoff Newton
Principal

Year 12 2015 Snapshot

Area	2015	2014	2013
