

UNIFORM AND PRESENTATION POLICY

1. Introduction

The uniform is an expression of our community, designed to ensure appropriate levels of flexibility and safety, as well as providing garments appropriate to our workplace. It removes the potential for peer pressure regarding uniform choice, while maintaining a degree of personal choice.

This policy is to assist students to make appropriate decisions about their presentation, to enhance the personal dignity of the student and to promote the identity of the school in the wider community. We are seeking to balance the individual rights of students with their responsibility as ambassadors and members of the Hillbrook community.

It is not possible to set out presentation rules in a way that is entirely 'black and white'. If discrepancies or uncertainty occurs, the School Leadership Team will make a final decision.

The foundation students of the School were involved in the selection of styles of the uniform and through the Student Representative Council (SRC), students have continued to be involved in changes, modifications and updates. It is expected that changes or suggestions regarding uniform or presentation will be taken up through the SRC, or a relevant staff member.

The wearing of the uniform or any other presentation choice should not be a fashion statement. We also expect all students to make a respectful decision in their choice of uniform options at all times including to and from school, on excursions etc.
